Alarmed by the uprising in Russia, the Germans are attempting to occupy Petrograd at once.

There are enough Americans in France now to create four field armies of 300,000 men.

The man-power bill is to be taken up in the Senate next Monday, a week earlier than provided in the recent recess agreement.

"Events between the Somme and the Aisne constitute the first serious defeat of the war," says the Deutsche Zeitung of Berlin.

Lieut. Theo. W. Kirk, of an engineers corps, was killed while bridge-building July 28, near the battle line. He was a Kentuckian but lived in Los Angeles.

Many Russian provinces are ready and anxious to join the allies in redeeming their country from both German and Bolshevik rule. Things are decidedly brighter in Russia.

Chaulnes is half way to St. Quentin, from which the offensive started in March. The Germans have already been driven out of half of the territory occupied in their five offensives since March 21st.

Among the 75,000 German prisoners taken since July 18 are generals, colonels and officers of all other grades. Eleven divisions of General Haider and von Marwitz have been identified by prisoners taken.

Announcement of a general 10 per cent. increase in wages of all employees of the Western Union Telegraph Company, belonging to the association recently organized by the company, has been made. The increase, retroactive from July 1, applies to about 45,000 workers.

This Speaker and Ty Cobb baseball stars, are said to be ready to join the navy's aviation department as soon as the ball season ends. Speaker has made several trips in a seaplane and says he likes the game. He may apply for a commission and intends to report for duty at one of the naval stations down south. Cobb is married and has several children, but he seems determined to do something for Uncle Sam.

Praising the American army, a Paris paper says: "Public opinion will see, moreover, in the formation of this army the result of the efforts accomplished in a year by the United States and a sign of the part which they intend to play in the war. History will record two great events and two great examples of what loyal friendship can achieve—the formation of the British armies and that of the Americans."

Is this a ghost dance or is Hindenburg still alive, in spite of reports? Zurich dispatches report Field Marshal Hindenburg as urging the Kaiser to evacuate the Ypres, Montdidier-Verdun salient. German great headquarters have been moved from France to Germany, behind the Rhine river. Allied airmen are too active, it is claimed, is the cause of the moving. Hindenburg urges the straightening and shortening of the line for defense.

TWO MORE STARS.

With seven of its employees already in the service, the Kentuckian will today contribute two more, unless the young men should fail to pass their examinations. One is Robert N. Brumfield, city editor, who is a volunteer not yet within the draft age. He will enter the officers' training school at Camp Gordon next month, but must report for examination tomorrow. The other is Jolly B. Jones, a pressman, who registered June 5 and is one of the two young men from Trigg county to go to the Alabama Polytechnical Institute to take a course in telegraphy. It is a coincidence that the President of this institute, Dr. C. C. Thach, taught the editor of the Kentuckian in his boyhood days. In Ferrell's High School. Mr. Jones will leave for Coates at 11 o'clock today, to meet over his formal call to the colors.

BATTLE LINE IN RUSSIA

TOOK 28,600 HUNS WITHIN FIVE DAYS

STILL ADDING TO THE HUNGRY HORDE TO BE FED.

London, Aug. 13.—Since the allied offensive began in the Montdidier and Amiens sector August eighth the total captured by the French first army and the British fourth army have aggregated 28,600 men. Field Marshal Haig officially reports tonight. The communication adds that Tuesday passed comparatively quiet.

HUN COUNTER REPULSED

(By Associated Press.)

London, Aug. 13.—After stubborn fighting the French have repulsed a heavy German counter attack on Lassigny Massif, according to the latest from the front today.

SINK ANOTHER SHIP.

New York, Aug. 13.—German submarines took toll of American shipping in waters adjacent to this port for the second time yesterday, when the Norwegian steamship Sommerstad, 3,800 tons, was sunk off Fire Island.

The Sommerstad's crew of thirty-one was brought here today.

FOLLOWING THE FLAG

FIRST NURSE RECRUIT.

The enrollment for U. S. Student Nurses began yesterday. The first young lady to apply was Miss Florence Rawls, and she will have the honor of being the first recruit from Christian county. Quite a number called at headquarters to get information intending future application.

Mrs. W. D. Cooper enrolled for Emergency Nurse Service, and stands ready to go whenever called.

A thousand graduate nurses must be sent overseas each week for the next two months to meet the requirements of the Allied Armies, according to the word that has reached Hopkinsville from Lake Division Red Cross headquarters.

The "thousand-a-week" request to the Red Cross has been made by Surgeon General Gorgas, and Miss Anna Gladwin, acting director of the Lake Division Nursing Bureau, has appealed to Red Cross organizations throughout Ohio, Indiana and Kentucky to speed up enrollment of eligible nurses.

In the six months ending July 31, 703 nurses had been enrolled from these three states—537 from Ohio, 136 from Indiana and 30 from Kentucky. Two hundred and ninety-one were enrolled in July. August and September must each produce at least triple that figure.

Appreciating that public health must not be permitted to suffer, the Red Cross has been pushing its Home Care of the sick and its first aid care courses as well as co-operating with other agencies in recruiting student nurses to fill the depleted ranks of the hospitals.

Notice has gone out that the pay of nurses going into active military service has been increased to \$75 a month for overseas duty and \$60 a month for work in camps and institutions in America. This is in addition to board and lodging.

OCCUPATION TAX VOTED

(By Associated Press.)

Washington, Aug. 13.—Special taxes of \$10 a year on occupations or professions except as industries, trades, farmers teachers and ministers of the gospel was written into the eight billion dollar revenue bill today by the house Ways and Means Committee. A similar tax was placed upon any business with receipts of \$2,000 a year or more, with a levy of \$25 on wholesale houses with receipts of \$200,000 or more.

GRIND WHEAT AT HOME.

St. Louis, Mo., Aug. 13.—The St. Louis Millers' Club has adopted a resolution requesting the Government to change its policy relative to supplying overseas countries with wheat food. The millers suggest that the Government send the flour instead of wheat food.

Should the suggestion be adopted the millers contend that the volume of wheat by-products, such as bran and shorts, which are in great demand by the farming and dairying interests of the country, would be stored.

MRS WILL LANDRAM.

Mrs. Mamie S. Landram, of Graves county, died in the State Hospital Monday afternoon, aged 48 years. She had been in the institution only twelve days, and apoplexy was the cause of her death. The body was shipped to Mayfield yesterday for burial. She belonged to a prominent family at Mayfield and is survived by her husband, Will Landram, and one son.

tion to board and lodging and to the same War Risk Insurance privileges that are granted soldiers, sailors and marines.

"Nurses will respond to this imperative call if the people of Hopkinsville will conserve the nurse power and impress upon the nurses that the 'Greatest Mother in the World' must have thousands of them to meet its obligation to the Government," says Miss Gladwin.

Robert N. Brumfield and Phil T. Roberts, Jr., yesterday received official notice that their applications for admission to the next officers' training school at Camp Gordon, Ga., had been favorably acted upon and they were ordered to report at Louisville for examination. They will leave tonight. If the examination is passed successfully they will return home to await orders to enter the training camp probably in September. Mr. Brumfield is connected with the editorial department of the Kentuckian. Mr. Roberts is in the tobacco business.

Walter G. Trice is visiting his parents, Mr. and Mrs. John B. Trice. He has resigned his position as county agent in Allen county and has been ordered to report at the artillery officers' training camp at West Point, Ky., on August 22 where he will take the prescribed course of instruction to fit him for service in that branch.

J. F. Foster, of the Quartermaster Department, Ft. Benjamin Harrison, is here on a furlough. Before he entered the service he was a clerk in L. & N. office.

Mrs. Matt Holmes, of Empire, has received word from her nephew, Hubert Samples, that he has arrived safely overseas.

Mrs. C. B. Williams has been notified of the arrival overseas of her son, T. E. Williams.

Leslie Higgins has received word from his brother, Elvin Higgins, that he has arrived safely overseas.

EDUCATION FREE TO BOYS

UNCLE SAM WILL LOOK AFTER THE BOYS WHO STOP SCHOOL TO LICK HUNS.

(By Associated Press.)

Washington, Aug. 13.—With a broad work or fight amendment, designed to prevent strikes, and a new provision for the education at government expense after the war of all youths under 21 serving in the military or naval service, the administration man-power bill was ordered favorably reported today by the senate military committee. Chairman Chamberlain plans to report the bill next Thursday and take up its consideration by Monday, cutting short the senate recess period by a week.

GOVERNMENT SPECIAL

Yesterday afternoon a Government special with Mr. B. L. Winchel, regional director, George L. Loyal, Assistant Regional Director and Mr. W. L. Mapother, representing the Government, on board was in Hopkinsville. The men are on a tour of the T. C. Railroad and went from here to Nashville on an inspection trip.

AIRPLANE USED IN HUNT FOR A NEGRO SLAYER

MOB BURNS SECTION OF DEWEY, OKLA., AFTER ARREST; FEAR FURTHER TROUBLE.

Dewey, Okla., Aug. 12.—After a posse had failed to find N. Widlow, a negro, after he had shot and killed Chief of Police Mull and seriously wounded City Clerk De Young last night, Bill Parker, a local aviator, searched the surrounding country from his airplane today and discovered the fugitive on the outskirts of Dewey. He informed the posse, which took Widlow in custody.

Following the arrest, a mob burned the negro section and returned to the jail after Widlow, but officers had removed him.

Negro laborers are on strike here and further trouble is feared.

HUMAN FLY KILLED

FALLS FROM CUPOLA OF COURT-HOUSE AT JOLIET, ILL.

Chicago, Aug. 12.—Roy Meyers, a steeplejack called "The Human Fly," because of his exploits in climbing hazardous prominences, was killed when he fell from the cupola of Joliet courthouse at Joliet, Ill., while performing in aid of the Red Cross campaign.

Meyers will be remembered particularly for scaling the Flat Iron building in New York.

BREWSTER LATHAM.

Brewster Latham, 25 years old, son of D. S. Latham, near Fairview, was killed in action in France July 26. His father has been notified by the War Department. He enlisted in the army last September and landed in France last month. He leaves a widow, formerly Miss Fannie May Camp, whom he married in July, 1917. He has a brother in a training camp.

BUMPUS MILL BOY.

Jesse G. Ford, of Bumpus Mill, Tenn., was reported killed in action August 12.

INJURED.

Mrs. M. D. Brown of 212 Jesus Avenue, was painfully but not seriously hurt Monday night when plastering from overhead fell on her.

BRITAINS RECOGNIZE CZECHO-SLOVAKS AS A NATION AND THEIR ARMIES AS AN ALLIED FORCE AT KAISER'S BACK DOOR

FRENCH TAKE AND HOLD LASIGNY

BRITISH AND FRENCH HAVE AVERAGED 5720 CAPTURED TEUTONS EVERY DAY SINCE AUGUST EIGHTH

(By Associated Press.)

The strength of the German opposition against the allied armies from immediately north of the Somme to the region just below Roye, apparently has been checked for the moment, at least their march east in progress of clearing the Amiens Montdidier sector of the enemy has been checked. It has not, however, prevented the French on the extreme southern end of the sector from winning additional points of great strategic value. In the Hill and Forest region between the Matz and Oise rivers, where Lassigny and Noyon are the ultimate objectives, the capture of which not alone would result possibly in a forced German evacuation of the Noyon-Roye-Chaulnes line, but also have a marked effect on the battle line running southeastward past Soissons, thence along the Velse river.

The Germans are not merely on the defensive. At salient points here and there they are delivering violent

counter attacks against the allies, also bombarding the rear areas fiercely.

Notwithstanding the enemy's efforts, however, Chaulnes is receiving a mighty visitation from the allied guns. Roye has been so encroached upon it is now under heavy artillery cross fire.

While the French are hammering at the gates of Lassigny and are threatening the foundation of the whole German defensive position. While at the same time they are driving in a wedge formation against Noyon.

Unofficial reports say the Germans, fearing capture in a pocket between Roye and the Oise rivers, already are retreating. If this is true, it probably means the whole German line to the north will soon give away.

German attacks on the Velse river though temporarily dislodging French and Americans from some positions which were immediately restored, have thus been fruitless.

BRITISH GIVE RECOGNITION

(By Associated Press.)

London, Aug. 13.—The British Government has issued a declaration recognizing the Czechoslovaks as an allied nation and the three Czechoslovak armies as allied forces regularly waging warfare against the Central Powers.

THE GERMAN BEATITUDES.

It is not known whether the following creed was composed by a German or by a foreign student of Germanism. It has the ring of genuineness; it is not far-fetched or overdrawn. The military masters of Germany have acted upon this creed, and the German Army, their disciples, has lived up to it.

"Ye have heard how in olden times it was said, 'Blessed are the meek, for they shall inherit the earth'; but I say unto you, 'Blessed are the valiant, for they shall make the earth their throne.' And ye have heard men say, 'Blessed are the poor in spirit'; but I say unto you, 'Blessed are the great in soul and the free in spirit, for they shall enter into Valhalla.' And ye have heard men say, 'Blessed are the peacemakers'; but I say unto you, 'Blessed are the war makers, for they shall be called, if not the children of Jehovah, the children of Odin, who is greater than Jehovah.'"

GRACEY COUPLE.

Miss Maxie Sholar and Hugh R. Mitchell, a young couple from Gracely, went over to Clarksville Saturday afternoon and were married by Esq. W. J. Smith, in the clerk's office.

Just because a man is a good citizen is no proof that he will make a good County Road Engineer.

JOHN MIELKE IS ACCUSED

BUT MAKES VIGOROUS DENIAL OF MAKING DISLOYAL REMARKS.

John Mielke, a young farmer who lives on the Pamyra pike was brought before the county exemption board yesterday to answer to a charge that he had been heard to make unpatriotic remarks. It was alleged that he said he didn't believe the newspaper reports of the allied successes and he didn't believe that Germany could be defeated and that it was a shame to send American boys to France to be butchered there. Several witnesses testified against him. He then took the stand in his own defense. He denied making the statements attributed to him, and declared that he was loyal through and through. He told of buying liberty bonds, war savings stamps and contributing to the Red Cross, etc., all through his interest in the war activities.

He said all his interests are here and that his father had left Germany to escape the conditions there. He introduced witnesses, some of them his close neighbors, who supported him in his statement as to his loyalty and that they had never heard him say anything out of the way.

The board has the matter under advisement and hasn't yet determined what further course it will pursue.

MISS HELEN THOMPSON GIVES BELGIAN SEWING PARTY

Miss Helen Thompson gave a delightful and unique party yesterday morning at her home in honor of Misses Payne and Elizabeth Calloway who are visiting Miss Grace Richards and Miss Elizabeth McPherson. Those present were Misses Payne, Elizabeth Calloway, Sarah Woodruff, Lena Clark, Sarah Belle Wharton, Jennie Bush, Lurline Thomas, Elizabeth Daniel, Nora Golladay, Lenora Wall, Elizabeth Cayce, Dorris Claggett, Elizabeth McPherson, Grace Richards, Lula Moseley, Miss Severance and Mrs. R. J. Johnson of Middlesboro. All the ladies brought their sewing and made clothes and baby shoes for the Belgians. A delightful salad course was served and music was made by William Thompson and Miss Payne, who is a very talented musician. All present enjoyed themselves to the fullest extent.

MOVED TO GREAT LAKES.

(By Associated Press.)

Great Lakes, Ill., Aug. 13.—Great Lakes will have a full battalion of marines stationed here within the next few days. This announcement was made, according to the Great Lakes Bulletin, at the headquarters of the New Aviation Unit. The men will be brought from Paris Island, S. C., to study aviation mechanics. One hundred and twenty of the men are in detention now awaiting entrance to the school.

LOST INFANT SON.

Friends in this community are in deep sympathy with Mr. and Mrs. Eph Russell in the loss of their baby son, Joseph Porter. The little fellow passed away at the home of his parents in Nashville Saturday evening at 7 o'clock. A long distance message to Mr. C. C. Brown, father of Mrs. Russell, stated that the child was ill only a few hours. The body was taken to Trenton, Ky., for interment, which took place there Sunday afternoon. —Clarksville Leaf-Chronicle.

COULDN'T STOP THE FRENCH

(By Associated Press.)

Paris, Aug. 13.—The French resumed the offensive today between the Matz and Oise rivers, making progress to the north east of Gury, thereby increasing the menace to the Germans at Lassigny, according to the war department statement tonight. Strong enemy resistance was unavailing to stop the attackers.

AIR FIGHTING IN GERMANY.

London, Aug. 12.—(by A. P.)—An official communication issued by the Air Ministry tonight, dealing with bombing and raiding operations, says that despite the unfavorable weather British airplanes successfully attacked an airplane and chemical works at Frankfurt. Other squadrons attacked the railways at Metz and an airdrome at Haguenau, Alsace.

A STRAW IN THE WIND.

The Allies attacked the most vulnerable point on the German western front, says Capt. von Salzuhan in the Vossische Zeitung of Berlin, and therefore there is no question of the entire German position being menaced. He says the decrease in morale from the giant apparatus of Entente propaganda must not be underestimated.

MISS NOE IN CHICAGO.

Miss Emma Noe, who is soon to make her debut in grand opera, appeared in Chicago last Friday night and greatly pleased all who heard her with her rich voice and splendid singing. Her friends expect her at once to take first rank as a vocalist.

BURIED IN TENNESSEE.

Honar Benton Stacy, aged 2 years, son of Mr. and Mrs. W. Ernest Stacy died yesterday morning at their home near Newstead, of colitis. The body was shipped to Murfreesboro, Tenn., for burial.

There has been desperate hand to

fending the ground inch by inch,
intent on saving the bulk of the
armies of Generals von der Marwitz

ing in the direction of Neale and
Ham. The allied pressure has not
been diminished but the Germans
have brought up reserves which had
been intended for offensive purposes

fense action, temporarily delaying
the progress of the allies.

THE WATCH UPON THE RHINE.

The Courier-Journal has already
commented on its dispatch from Ed-
win L. James, with the American
army, reporting that the Kaiser is
forming an army of 500,000 picked
men, a sort of Prussian Guard of
Kaiserism, to stand back of the Rhine
and defend German soil from inva-
sion.

It may be added that there are
not 500,000 picked men among the
Germans whose might will be suf-
ficient to prevent the army of the
Allies from crossing the Rhine when
they get to that historic stream.
There are far more than 500,000
ravenous Americans who will consid-
er the fight, and the fun, just be-
ginning when they reach the Rhine,
and who would be mightily disap-
pointed if they should have to re-
turn to America without having
crossed the Rhine. Nothing but or-
ders from their own officers could
force them to do so. No Prussian
guard of 500,000 could hold them
back.

The picked army of 500,000 be-
yond the Rhine will serve as an in-
centive to the Americans, the French,
the British, but more especially to
the Americans, to whom monarchy
never was tolerable even when
quiescent, and to whom Wilhelm II.
is nothing more than a contemptible
upstart who deserves and must re-
ceive the punishment of humiliation
beyond the Rhine.—Courier-Journal.

CONGRESS TO HANG ON
TILL ELECTION TIME.

Washington, Aug. 11.—Congress
with its legislative program jammed
with revenue, draft power and other
important bills will not adjourn until
just before the November elections,
according to a prediction today by
Speaker Clark after he had surveyed
the situation.

He said that while the ways and
means committee is planning to re-
port the revenue bill when the house
reassembles a week from tomorrow,
the administration bill for general
development of waterpower, by pre-
vious agreement, has the right of way
and can only be displaced by unen-
imous consent. The revenue bill will
have finished its committee stage,
according to Chairman Kitchin's
plans, so it can be considered when-

ever the house is ready and it was
been announced the draft extension
bill will be considered promptly in
the house military committee with
hearings.

Despite Chairman Kitchin's plan
from the outset to avoid resort to the
tariff in the pending eight billion
revenue bill, some committee senti-
ment apparently has turned today
toward the feasibility of a war time
increase on a limited number of cus-
tom items.

A tax of 5 per cent, or approxi-
mately that rate, on gifts of all kinds
without qualification for the period of
the war, was favored by Dep. Hull
of Tennessee, one of the democratic
leaders of the committee and the
author of the tax law.

Eyes tested, lenses ground.

THE FOURTH LIBERTY LOAN.

The campaign for the Fourth
Liberty Loan will begin September
28 and close October 19. The result
of the loan will be watched with keen
interest in Europe, not only by our
associates in the war against the
Teutonic powers but by our ene-
mies. It will be regarded by them
as a measure of the American peo-
ple's support of the war.

The Germans know full well the
tremendous weight and significance
of popular support of the war, of
the people at home backing up the
Army in the field. As the loan suc-
ceeds our enemies will grow; as
it fails short they will help and en-
courage the American soldiers and
hurt and depress the enemies of
America.

The loan will be a test of the

loyalty and willingness of the people
of the United States to make sacri-
fices compared with the willingness
of our soldiers to do their part.
There must be and will be no failure
by the people to measure up to the
courage and devotion of our men in
Europe. Many of them have given
up their lives; shall we at home
withhold our money? Shall we
spare our dollars while they spare
not their very lives?

many is now \$6,492,040,000.

LOANS TO FARMERS.

President Wilson has placed at the disposal of the Treasury and Agricultural Departments \$5,000,000 to enable them to furnish aid to wheat growers in certain sections of the West who have lost two successive crops by winter killing and drought. Federal land banks will act as financial agents of the Government to make and collect the loans.

This fund is not intended to be lent to farmers who have banking collateral; the action of the War Finance Corporation in urging the banks to finance such farmers and its promise to support them in such financing, it is believed, will amply provide for them.

Loans from this fund will be made to individuals who have no banking collateral, and only where it is necessary to enable a farmer to continue to grow food products. The money will be advanced upon the crop of wheat or substitute grains planted on the land, and no loan will be in excess of \$3 per acre and no applicant financed beyond 100 acres.

The use of the fund will be under the joint control of the Treasury and Department of Agriculture; as the machinery for the work is already in existence, no substantial delay is expected.

The cooperation of local banks and local associations and individuals is looked for.

MUST COMPLETE REGISTRATION

The Woman's Committee of the Council of National Defense has been requested by the Government to have a complete registration of the women of our country with regard to their ability in all the different lines of work. As President Wilson expresses it, he wishes to know the women power of the country. This has been partly done before, but they now insist on a complete registration. The day has been set by the committee for Wednesday, Aug. 21st, and in the country will be held at the school house of each precinct. In the towns a house to house canvass will be made. The cards for registration have now arrived, and all the workers from the country who failed to get them on last Saturday will now find them ready at Headquarters any day this week from 9 to 12 a. m.

INCIDENTS OF AIR FIGHTING.

Stories of the air fighting over the battle lines are amazing. One observer, coming into his station, shot down four machines.

In the same fighting a British pilot chased one enemy plane to earth and was swooping down to finish off his antagonist when the man climbed out of his machine and held up his hands in token of surrender.

"So I did not kill him," the British pilot said, "but on my way home I met a group of enemy machines and got a bullet in me, but managed to land inside our lines."

The report of this incident ends with the statement that the pilot died in a hospital shortly after relating his experience.

A British two-seater shot down two enemy machines during a battle royal in the air. The pilot was badly wounded and fell across his controls. The observer, however, leaped forward and secured his comrade's body and managed to get control of the machine. He brought it to earth, where it crashed, but both the occupants escaped death.

Another pilot during the course of a fight started for home wounded. When ten feet above the ground inside his own lines, he collapsed from loss of blood.

SEAMEN INSURANCE.

Practically 80,000 officers and sailors on American owned and registered vessels trading in the waters where the German submarines operate have been insured by the Treasury Department. The aggregate of the policies total well over \$100,000,000.

This insurance is made compulsory by law, and since the submarine began to infest American waters it applies to all vessels trading to or from our Atlantic and Gulf ports. Small fishing vessels are excluded.

PUSHING FAR NORTH.

Ottawa, Aug. 12 (by A. P.)—A telegram received here today from Vilhjalmur Stefansson, the Canadian Arctic explorer, announces that one of his lieutenants, named Stockerson, at the head of an exploration party, has penetrated to a point 175 miles north of Alaska. This report, if correct, Stefansson says, indicates that the party has gone seventy-five miles beyond the point reached by previous explorers. It would also indicate, the telegram adds, that Knenan land is not located at the point given by previous maps.

IS SOMEWHAT IMPROVED.

Washington, Aug. 11.—Senator Ollie M. James, who is a patient at Johns Hopkins Hospital, in Baltimore, spent a "comfortable" day today. The condition of Kentucky's Senior Senator, which was reported yesterday to be less favorable, has improved slightly during the last twenty-four hours.

WAGON IN USE 36 YRS.

MADE IN HOPKINSVILLE BY FORBES & BRO. IN THE YEAR 1882.

What is probably the oldest wagon in Kentucky in constant use is a hand-made wagon made by Forbes & Bro. in this city more than 36 years ago. It was made by F. F. Henderson and other workmen for Forbes & Bro., and was all hand-made except the hubs. It was sold to E. H. Fritz of Fairview, for \$75, who sold it to R. M. Shanklin, Sr., who sold it to G. W. Bearden and he in turn sold it to Vitas Ruid, its present owner, who lives in the Eastern part of Todd county, near Allensville. It is still in use and in such good condition that it recently held up a load of 3,000 pounds. The firm that made it is now known as the Mogul Wagon Works and turns out many thousands of wagons annually, that are shipped all over the South and many into foreign countries.

ATTENTION SINGERS

At the Methodist church tonight at 9 o'clock after prayer meeting, there will be a gathering of singers to arrange a program of patriotic songs for the War Council Meeting tomorrow. All singers in the city who can assist in the music are urged to attend. The singing is expected to be a leading feature of the big meeting. A competent director will be in charge of the program. If you can sing, don't fail to be on hand and "do your bit."

THE WORK OF VOLUNTEER FARM LABORERS IN KY.

A leading part in saving the large wheat crop in the history of Kentucky was taken by volunteer workers from the towns and cities located in the important wheat growing districts of the state. The volunteers were organized thru the efforts of the College of Agriculture of the University of Kentucky and included telephone linemen, street car operators, salesmen, barbers, draymen, doctors, ministers, lawyers, county and town officials, and others.

Reports coming into the College Farm Labor Office indicate the success of the movement in every section where it was used. In Fayette county the volunteers furnished help in the wheat harvest and thrashing to the extent of 405 days work. At Owensboro nearly 200 went out and helped in the harvest fields. A few devoted their entire vacations to the work; others went out for one or two days at a time. Most of them had had previous farm experience and were able to fall in behind the

GETTING IN READINESS

FOR THE REGISTRATION OF 13,500,000 MORE FIGHTERS FOR BERLIN CAMPAIGN.

The local exemption board has received instructions from Major Henry Rhodes to prepare immediately for holding the registration in this county of men between the ages of 18 and 45 who will be affected as soon as law already introduced in congress changing the selective service to these figures is passed.

In the communication Major Rhodes expresses full confidence that the law will be passed without delay and in that event he proposes to lose no time in holding the registration. He orders the local board to report to him not later than next Monday, August 19, that everything is in readiness. He also outlines the method to be followed in registering the men and handling them afterward. To begin with he estimates that there will be about one and one third times as many to register as were registered on June 5, 1917.

At that time there was approximately 10,000,000 registered so the total this time should run something like 13,500,000.

The governor of the state will, as before, supervise the registration and it will be under the direct charge of the draft executive, who is Major Rhodes in this state.

The local board in each county will be in charge of the registration and must see that all due preparations are made for it.

The registration will be by voting precincts and registrars are to be appointed at once for each precinct on the basis of one registrar to each eight probable registrants. The county board, as well as the government officials, hope that these registrars will be secured as volunteers as was done at the two previous registrations.

It is also made incumbent upon the city and county authorities to co-operate in every way possible in this registration.

The exact date of the registration will be set in a proclamation to be issued by President Wilson after the bill shall have become a law.

The sick are to be registered by deputies appointed for that purpose; felons in penitentiaries are to be registered by the wardens of those institutions; persons charged with mis-

demeanors and in jail awaiting trial are to be treated as absentees except their registration cards are to be filled out by their jailers.

It is believed that the law will be passed in time for the registration to be held Sept. 5.

TRAINING CAMPS FOR FARMERS

(By Associated Press.)

St. Louis, Aug. 13.—Tentative plans for the opening of two training camps in Missouri to turn out experienced farm hands to meet the farm labor shortage caused by the war will be laid before I. F. Reed, federal farm specialist and F. P. Lewis of the State Agricultural Board, by I. J. Gale, director of the St. Louis county division of the Farm Help Volunteers of Missouri.

Mr. Gale said that men placed in deferred classification could be sent to these camps and made skilled farmhands, the same as men are sent to shipyards.

"Farmers produce the food for the

soldiers and their labor question is ultra essential," Gale said. "Many farmers don't want city boys; they want only experienced hands."

Several offers from farmers to use their farms free of cost have been received.

Gale stated that at least \$10,000 will be needed to finance the training camp project.

SANDWICH SALE.

OFFENSIVE STARTED.

The allies Tuesday began a general attack against the German line from Chaumes south to the Oise, about 25 miles.

London dispatches at noon reported important gains at various points, especially in the vital sector south of Laassigny near the Oise.

Laassigny is reported almost within the grasp of the French while further south they advanced to the village of Leconville, virtually on the crest of the hills overlooking the long reaches of the Oise.

As an immediate result the Germans are abandoning the trenches on the Oise, west of Bailly.

North of Laassigny in the Royer region and along the railroad northward to Chaumes, where the German defense is desperate, the British and Americans failed to make any marked impression.

Today's reports state that the ruins of Peronne are burning. It is believed the Germans applied the torch as a preliminary to further retirement eastward.

A Paris dispatch says: "Germany has been compelled to call upon Austria-Hungary for help on the western front and Austro-Hungary troops are arriving there."

Notice to Druggists Price Advance

For over a year now we have succeeded in maintaining our old prices, principally by virtue of a big increase in sales, which reduced our overhead cost.

For our fiscal year ending July 1, 1918, our sales amounted to over a million dollars—an increase of 58 per cent over the preceding year.

We had hoped to bridge the war period without a change in prices on
